

# Rendezvous

---

DESIGNER

[www.avanzasolutions.com/rendezvousdesigner](http://www.avanzasolutions.com/rendezvousdesigner)

The logo for Rendezvous Designer features the word "Rendezvous" in a large, black, serif font. Below it, a blue horizontal line with a slight curve underlines the text. To the right of the underline is a blue icon consisting of three stacked, slightly offset squares, resembling a circuit board or a layered structure. Below the underline, the word "DESIGNER" is written in a smaller, blue, sans-serif font.

# Rendezvous

DESIGNER

Rendezvous Designer provides a powerful graphical UI to enhance, extend and modify Rendezvous – Avanza’s Award Winning Enterprise Financial Middleware.

Rendezvous Designer enables bank staff to quickly integrate existing channels with back-end systems and dovetail new delivery channels with ease. The solution provides rich user interface with drag and drop features to quickly define network, orchestration and enrichment. Rendezvous Designer comes with readymade network and orchestration templates to decrease time to market.

# Gain complete control

over your middleware enhancements & modifications.

Define New  
Networks

Orchestrate  
Transaction Flows
